

DeCorado ThinBrick

Our ThinBrick is authentic brick from reclaimed demolition sites throughout Illinois and Indiana.

This brick is referred to as “common” due to its common usage in turn of the century warehouses, industrial parks, churches, schools as well as homes.

To many of us, these bricks will bring back many memories from yesteryears... supply yards, manufacturing plants, places we visited as youngsters.

Though many attempt to duplicate the aged look, feel, and patina, none compare to the real deal.

The beauty of DeCorado ThinBrick lies in its versatility. Use the brick wherever you feel like there should be a brick wall, a patio, or a driveway... indoors or out.

Take your pick from Hyde Park Handmades, French Lick Yellows, StockYard Commons, SouthSide Blend or Pioneer Pinks. You can also customize your own blend.
